TABLE OF CONTENTS.

I.—George Morewood Lefferts, 1846-1920. By D. Bryson Delavan, M. D., New York 1

II.—The Incidence and Pathogenesis of Tonsillar Concretions. By Carl Vernon Weller, M. S., M. D., Associate Professor of Pathology, Ann Arbor, Mich. 79

III.—An Anatomic and X-ray Study of the Optic Canal in Cases of Optic Nerve Involvement. By Leon E. White, M. D., Boston, Mass. 121

IV.—Nasopharyngoscopy Under Negative Pressure. By R. P. Scholz, M. D., St. Louis 151

V.—The Diagnosis, Differential Diagnosis and Prognosis of Laryngeal Tuberculosis. By Frank R. Spencer, A. B., M. D., F. A. C. S., Boulder, Colo. 163

VI.—Functional Hearing Tests in Normal Cases. By C. C. Bunch, Ph. D., University of Iowa, Iowa City 174

VII.—The Electrocautery in the Treatment of Laryngeal Tuberculosis. By Joseph B. Greene, M. D., Asheville, North Carolina 193

VIII.—Fundamental Considerations Underlying Roentgen Therapy of Tonsils. By Eugene R. Lewis, M. D., Los Angeles, California 198

IX.—Intraseptal Implantation in Atrophic Rhinitis. By Harry L. Pollock, M. D., Chicago 205

X.—The Causes of Persistent Otorrhea After a Simple Mastoidectomy. By Francis P. Emerson, M. D., Surgeon Massachusetts Charitable Eye and Ear Infirmary, Boston 214

XI.—A New Operation for the Cure of Ozena. By Wolff Freudenthal, M. D., New York 220

XII.—Further Experience in the Use of Tissue Juices in Tonsillectomy. By Joseph B. Greene, M. D., Asheville, North Carolina 228

XIII.—The Influence of Vision on Nystagmus. By C. L. Woolsey, M. D., from the Neuropathologic Department of the Harvard Medical School, Boston, Mass. 235

XIV.—The Nature of the Influence of Focal Infection and the Means Necessary to Meet It. By Ralph Pemberton, M. D., Philadelphia 242

XV.—The Use of Vucin (Isoctyl Hydrocuprein Di-Hydrochloride) in Intracranial Affections. By ALFRED LEWY, M. D., Chicago 254

XVI.—Amyloid Degenerations of the Upper Air Passages. By H. E. THOMPSON, M. D., Dubuque, Iowa 271

XVII.—Laryngeal Epilepsy. By BEAMAN DOUGLASS, M. D., New York 279

XVIII.—Hearing in the Presence of a Noise. By FREDERICK W. KRANZ, PH. D., Riverbank Laboratories, Geneva, Illinois 283

XIX.—Treatment of Postoperative Cavities of the Mastoid Process with Rubber Balloons. By PROF. B. TOROK, Budapest, Hungary 285

XX.—Bacterial Flora of Faucial Tonsils, With Especial Reference to Hemolytic Streptococci and Associated Histopathologic Changes. By HOWARD H. BELL, M. D., Department of Pathology, Washington University School of Medicine, St. Louis 305

XXI.—Report of a Case of Multiple Abscess of the Brain Following Chronic Suppurative Otitis Media and Suppurative Labyrinthitis with Unusual Pathologic Findings at Autopsy. By GEORGE MORRISON COATES, A. B., M. D., Professor of Otology, and EUGENE A. CASE, M. D., Associate Professor of Pathology, Graduate School of Medicine, University of Pennsylvania 335

XXII.—Corrective Rhinoplasty: Some Reasons for Faulty Results. By LEE COHEN, M. D., Baltimore 342

XXIII.—Laryngectomy, With Results in Seventeen Cases. By FIELDING O. LEWIS, M. D., Philadelphia 359

XXIV.—Radical Operation for Extrinsic Carcinoma of the Larynx. By V. P. BLAIR, M. D., St. Louis 373

XXV.—The Modern Treatment of Ozena (Lautenschlaeger Operation). By WM. MITHOEFER, M. D., Cincinnati 391

XXVI.—A Study of the Mechanical and Chemical Properties of the Sand Spur From the Standpoint of the Endoscopist and Some Observations on Its Clinical Manifestations in the Larynx. By H. MARSHALL TAYLOR, M. D., Jacksonville, Florida 400

XXVII.—Nasal Fractures: the Treatment of, by a New Adjustable Splint. By SAMUEL SALINGER, M. D., Chicago 413

282817

XXVIII.—Methods and Interpretation of the Fundamental Tests of Hearing. By ROBERT SONNENSCHEIN, M. D., Chicago, Illinois....423

XXIX.—Accessory Nasal Sinus Infection With Complications: An Analysis of Cases Associated With Asthma and Nontuberculous Chest Lesions. By FRANK L. DENNIS, M. D., Colorado Springs....451

XXX.—A Quantitative Study of Hearing With and Without Cotton Plug Protheses in the Middle Ear. By H. I. LILLIE, M. D., Mayo Clinic, Rochester, Minn., and F. W. KRANZ, PH. D., Riverbank Laboratories, Geneva, Ill....458

XXXI.—The Occurrence of Cartilage in the Tonsil. By PHILIP HILLKOWITZ, M. D., Denver....473

XXXII.—Orbital Infection Secondary to Ethmoid Disease. By D. A. VANDERHOOF, M. D., Colorado Springs....481

XXXIII.—Acute Laryngeal Edema. By CLEMENT F. THEISEN, M. D., Albany, N. Y....487

XXXIV.—Anaphylactic Adenitis Following Tonsillectomy. By EMANUEL M. JOSEPHSON, M. D., and SAMUEL LUSTBERG, M. D., New York City....495

XXXV.—The Relation of Teeth to Other Parts of the Body. By KURT H. THOMA, D. M. D., Assistant Professor of Oral Histology and Pathology, Harvard Dental School....498

XXXVI.—The Prevention of Surgical Mastoiditis by Routine Treatment of Acute Otorrhea. By OTIS WOLFE, M. D., Marshalltown, Iowa....515

XXXVII.—X-Ray as an Adjunct for the Treatment of Partial Deafness; A Report of Technic. By HARRY KAHN, M. D., Chicago....523

XXXVIII.—Submucous Resection of the Nasal Septum in Children. By FRANCIS W. WHITE, M. D., New York....526

XXXIX.—X-Ray Therapy of the Infected Hypertrophic Tonsil. By EDW. S. BLAINE, M. D., Director National Pathological Laboratories, Associate Professor Roentgenology Northwetsern University Medical School, Consulting Roentgenologist Cook County Hospital, Wesley Hospital, Garfield Park Hospital, Chicago....534

XL.—Epithelioma of the Uvula—A Case Report By HARRY KAHN, M. D., Attending Roentgenologist Michael Reese Hospital, Chicago....541

XLI.—The Pathology of the Tonsil. By JAMES E. DAVIS, A. M., M. D., Professor of Pathology, Detroit College of Medicine and Surgery, Detroit....657

XLII.—Primary Adenocarcinoma of the Middle Ear and Mastoid. By A. C. FURSTENBERG, B. S., M. D., from the Department of Otolaryngology, University of Michigan, Ann Arbor....677

XLIII.—Pathologic Changes in the Membrana Tympani—An Attempt to Standardize Such Changes by a Pathologic Classification. By HAROLD HAYS, M. D., F. A. C. S., New York....690

XLIV.—The Clinical and Topographic Diagnosis of Suppurative and Nonsuppurative Paranasal Cell Disease. By JOSEPH D. HEITGER, A. B., M. D., Louisville....712

XLV.—Through-and-Through Drainage in the Treatment of Frontal Sinusitis. By SAM E. ROBERTS, M. D., F. A. C. S., Associate Professor of Rhinology, Kansas University, Kansas City....735

XLVI.—A System of Exact Olfactometry. By ARTHUR W. PROETZ, M. D., St. Louis....746

XLVII.—Malignant Infection of the Nose—Report of Case. By ROBERT F. RIDPATH, M. D., Philadelphia....764

XLVIII.—Three Useful Instruments. By T. H. ODENEAL, M. D., Beverly, Mass....769

XLIX.—Foreign Bodies in the Paranasal Sinuses With Report of Cases. By ROBERT LEVY, M. D., and JAMES H. LEYDA, M. D., Denver....772

L.—Some Endoscopic Observations on Laryngo-Tracheo-Bronchitis. By HARRY L. BAUM, M. D., Denver....782

LI.—Parotitis Complicating Acute Otitis Media. By A. T. WANAMAKER, M. D., Seattle....790

LII.—An Analytic Study of Nasal Form. By CARLOS E. PITKIN, M. D., From the Departments of Anatomy and Otolaryngology, Western Reserve University, Cleveland....800

LIII.—A Study of the Mechanism and Treatment of Rhinorrhea and Sneezing—A Local Manifestation of Some Metabolic Disorder, With an Analysis of Thirty-four Cases. By LOUIS HUBERT, M. D., Assistant Surgeon, Manhattan Eye, Ear and Throat Hospital; Attending Surgeon, Lenox Hill Ear, Nose and Throat Clinic, New York....824

LIV.—Laryngeal Tuberculosis — Symptomatic Treatment. By MORROW D. BROWN, Denver....844

LV.—A Case of Cerebellopontine Angle Tumor With Examination of the Vestibular Apparatus—Autopsy. By FRANK L. DENNIS, M. D., Colorado Springs....862

LVI.—Is Chronic Progressive Deafness a Rhinologic or Otologic Factor? By FRANCIS P. EMERSON, M. D., Boston..865

LVII.—Pneumatocele and Pyocele of the Sacculus Ventriculi Laryngis. By FRANK B. KISTNER, M. D., Portland, Oregon....891

LVIII.—The Nature of Some Deficiency Diseases. By ARTHUR H. SMITH, PH. D., Yale University, New Haven..898

LIX.—Artificial Respiration and the Restoration of Breathing. By YANDELL HENDERSON, PH. D., New Haven....906

LX.—Diagnostic Points in Syphilitic Diseases of the Internal Ear. By DAVID N. HUSIK, M. D., and DAVID NUSSBAUM, M. D., Philadelphia....909

LXI.—Sugar in the Treatment of Ozenal Rhinitis. By CHARLES B. YOUNGER, M. D., Assistant Professor of Rhinology and Laryngology, Northwestern University Medical School, Chicago....914

LXII.—An Otologic Study of the Streptococcus Organism. By HARRY BOYD-SNEE, M. D., South Bend, Ind....929

LXIII.—The Rhinopharynx as a Site of Focal Infection. By MYER SOLIS-COHEN, A. B., M. D., Assistant Professor of Medicine, Graduate School of Medicine, University of Pennsylvania, Philadelphia....935

LXIV.—The Bronchoscopic Treatment of Pulmonary Suppurations and Bronchial Asthma. By WM. F. MOORE, M. D., and ROBERT M. LUKENS, M. D., Philadelphia....956

LXV.—Tonsillar Pathology in Relation to Systemic Infection. By GEORGE B. WOOD, M. D., and E. A. CASE, M. D., Philadelphia....958

LXVI.—Studies of Mastoid Disease by the X-Rays With Operative Findings—Demonstration of a Special Localizer. By G. E. PFAHLER, M. D., Philadelphia....960

LXVII—Studies of Mastoid Disease by the X-Rays With Clinical Observations and Operative Findings. By MATTHEW S. ERSNER, M. D., Philadelphia....962

LXVIII.—Foreign Bodies in the Air and Food Passages. Charted Experience in 1155 Cases at the Bronchoscopic Clinic. By CHEVALIER JACKSON, M. D., SC. D., Philadelphia.....1009

LXIX.—Cicatricial Stenosis of the Esophagus, With Particular Reference to Treatment by Continuous String Retrograde Bouginage With the Author's Bougie. By GABRIEL TUCKER, M. D., Philadelphia.....1180

LXX.—Further Observations on the Histopathologic Changes in Excised Faucial Tonsils. By HOWARD H. BELL, M. D., Department of Pathology, Washington University Medical School, St. Louis.....1224

LXXI.—Sarcoma of the Esophagus. By HENRY B. ORTON, M. D., Newark.....1236

LXXII.—Nasal Hump—A Simplified External Operation. By SAM E. ROBERTS, M. D., F. A. C. S., Assistant Professor Rhinology, University of Kansas, Kansas City.....1251

LXXIII.—The Persistent Infantile Ethmoid. By JOHN J. SHEA, M. D., Memphis.....1256

LXXIV.—Atrophic Rhinitis and Ozena—Halle Operation. By A. J. LURIE, M. D., and PAUL LUX, Kansas City.....1263

LXXV.—Conservative Treatment of the Chronic Suppurative Ear. By WILLIAM HENRY HASKIN, M. D., New York.....1272

LXXVI.—Thrombosis of the Lateral Sinus. By J. B. NAFTZGER, M. D., Sioux City.....1287

LXXVII.—Ciliated Epithelium and Other Protective Agencies. By HENRY L. SWAIN, M. D., New Haven.....1299

LXXVIII.—A Study of the Effect of Roentgen Ray Therapy Upon Impaired Hearing. By D. C. JARVIS, M. D., Barre, Vermont.....1307

LXXIX.—Otitis Media in Scarlet Fever. By ELLISON L. ROSS, PH. D., M. D., From the John McCormick Institute for Infectious Diseases and Northwestern University Medical School, Chicago.....1319

LXXX.—Hemorrhage Following the Adenoid Operation. By FRED W. BAILEY, M. S., M. D., F. A. C. S., Cedar Rapids, Iowa.....1327

LXXXI.—Socalled Primary Thrombosis of the Lateral Sinus, With Presentation of an Interesting Case. By E. T. SENSENEY, A. B., M. D., St. Louis.....1331

LXXXII.—Fulminating Septic Infection of the Pharynx and Larynx. By HARMON SMITH, M. D., Sc. D., New York 1339

LXXXIII.—Common Colds. By SECORD H. LARGE, M. D., Cleveland 1350

LXXXIV.—An Unusual Symptom of Maxillary Sinus Disease. By GEORGE J. DENNIS, M. D., Chicago 1356

LXXXV.—Left Temporal Lobe Abscess With a Report of Two Cases. By C. F. YERGER, M. D., Chicago 1364

LXXXVI.—Intranasal Syphilis. By CARL H. CHRISTOPH, M. D., Chicago 1379

LXXXVII.—Cellulitis of the Orbit in Infants and Children With a Report of Ten Cases. By KENNETH A. PHELPS, M. D., F. A. C. S., Instructor in Ophthalmology, University of Minnesota, Minneapolis 1391

LXXXVIII.—Suspended Respiration in a Case of Brain Abscess. By FREDERICK N. SPERRY, M. D., New Haven, Connecticut 1401

SOCIETY PROCEEDINGS 290, 543, 574, 964, 979, 1403

Chicago Laryngological and Otological Society 290, 543, 574, 964, 979, 1403

Meeting of the Section of Otology and Laryngology of the College of Physicians, Philadelphia 632, 1005

Abstract of Transactions of American Laryngological Association, May 16, 17 and 18, 1923, held at Atlantic City .. 595
